PERMISSION FOR THE USE OF BLOGGING

Both of our Seesaw and Purple Mash learning platforms have the opportunity for our children to blog. This is an online journal which lets the children share their ideas, thoughts and views about their work or their class friends. Only the children in the class can view the blog This permission will last for the whole of your child's time at this school. The rules for blogging which your child must agree to are -

First and foremost - stay safe. Do not share personal information and report anything which makes you feel uncomfortable.

Only post your own work. Do not find other people's work and then claim it as your own (this is called plagiarism). If you do use someone's work or photograph - always cite where you got it from and post a hyperlink to the original source.

Check your grammar and spelling. Although some typos may slip through, try your hardest to provide a post with excellent grammar and spelling. Do not use text language such as "c u l8tr" We set our blog up to help improve writing - not make it worse!

To use capitals correctly - Start of sentences and proper nouns.

Always be polite. Never post anything which is offensive or might be taken as offensive. Only post positively. Only leave worthwhile comments. Child Name: _____ Child Sign: _____

PERMISSION FOR THE USE OF SEESAW

We shall be continuing to use Seesaw (<http://seesaw.me>), and this year we are able to use the enhanced version. Seesaw is a secure online journal where students can document and reflect on what they are learning in class or at home. Your child will be able to add the things we work on (including photos, videos, worksheets, drawings, and voice recordings) to their Seesaw journal and we can share them privately with you and other family members to view and comment on throughout the school year.

In order for your child to use the enhanced Seesaw, the app needs your child's name in order to be able to associate work like their photos, videos or voice recordings with their account. Seesaw only uses this information to provide the service and does not advertise in Seesaw, create profiles of students, or share or sell your child's personal information or journal content. You can read more about their strong privacy promises here: <https://web.seesaw.me/privacy>

Under an EU law called the General Data Protection Regulation (GDPR), in order for your child to use Seesaw, the school must get your consent. For more information on GDPR, please visit <https://ec.europa.eu/info/law/law-topic/data-protection/reform/rights-citizens>.

THE USE OF FILMS AND VIDEO CLIPS RATED PG

We like to make use of modern technologies throughout the curriculum and sometimes take the opportunity to use feature films and associated resources for education or enrichment activities. There are occasions when the materials have been classified PG. We ask for your permission to use PG rated films that we deem acceptable for the age and maturity of your child.

I give permission for my child to watch films and clips that have a PG classification.

I do not give permission for my child to watch films and clips that have a PG classification, and I ask that the school seeks my consent for each PG film or clip that they use.

My decision on whether to give consent will remain valid throughout my child's time at the school, unless I notify the school to the contrary in writing.

Parent/Carer E-Safeguarding and Acceptable Use Policies Information

As part of the programme of activities in school, all pupils have the opportunity to access a wide range of communication technology resources. These resources are an essential part of promoting children's learning and development; however, we also recognise the potential risks associated with these technologies. We therefore have an E-Safeguarding and Acceptable Use Policies in place in school.

In recent years, social networking sites such as Facebook and Twitter have grown in popularity and many people use them to communicate with family and friends, as we do to our school family. The vast majority of people who use social networking show respect in their communication with others and is something we must encourage to show our children that we are positive 'digital role models'. However, there are times when people disregard the rules and will use social networking sites to cyberbully and harass others.

Recently, there have been a number of high-profile cases in the media where people have used the internet to intimidate and bully others. The police have investigated these cases and, in some instances, have led to criminal prosecutions.

As a school, we encourage our parents to support us with the education and wellbeing of their children and if at any time, parents feel they have issues regarding their child's education or with school matters, they should see their class teacher. If the issue has not been resolved, then an appointment can be made with the Head Teacher. We also have a complaints policy on the school website if deemed necessary.

If an incident is reported to school staff, it should be investigated and, if school deem it appropriate, will be acted upon by the school's Head teacher. In extreme cases, the Head teacher would consider whether it appropriate to notify the police or solicitors to take further action.

Therefore, as a Parent/Carer, you are asked to:

- **Read the *Parent/Carers Acceptable Use Agreement***
- Read and talk to your child about their **Pupil Acceptable Use Agreement**
- Parent/Career and child to sign their agreements.
- Return one signed copy of the agreement to School and keep a copy to refer to.

If you disagree with any of the rules within the agreements or feel there is an area of Internet Safety you feel is not being developed, please contact the Head teacher.

Please remember, all children in school are taught how to keep safe and be responsible when they are online, whether they are at school or at home. As children are able to access the internet outside school, whether this is at home, a friend's house or on a mobile device, we need to work in partnership with you the parent/carer to keep our children safe.

Parent / Carer and Pupil Acceptable Use Agreement Form

Parent / Carer Acceptable Use Agreement:

- I have read and discussed the agreement with my child and confirm that he/she has understood what the rules mean.
- I understand that the school will take all reasonable precautions to ensure that pupils cannot access inappropriate materials through a managed filtered system.
- I understand that occasionally, inappropriate materials may be accessed and accept that the school will endeavour to deal with any incident that may arise, according to policy.
- I agree that the school is not liable for any damages arising from use of the Internet facilities.
- I understand that my son's/daughter's activity will be monitored and that the school will contact me if they have concerns about any possible breaches of the Internet Safety Rules or Pupil Acceptable Use Agreement.
- I understand not to upload any photos of St James' pupils at any school event (for example, assemblies'/sports days/plays or school trips) onto a social media site.
- I understand that everything posted on a social networking site should be deemed as open to the public and it is therefore unacceptable to use this as a forum for posting inappropriate or malicious comments about the school or any members of the school community.
