

Welcome to Summer Term

This term we will be learning about the Romans and the impact they had on Britain. We will be looking at Pompeii in our English work and writing a narrative and a non-chronological report. In Science we are learning about light and then plants and flowers. In RE we will be learning about the rules that people from many religious backgrounds believe in.

Year 4 MTC

In June we have our Year 4 Multiplication Tables Check. Please help your child prepare for this by practising times tables at home as much as possible.

More information about the MTC will be sent to you nearer the time.

Home Learning

Please continue to read at home as much as possible and sending in reading logs. We have been so impressed with how much reading at home the children have been doing!

KIRFs for maths summer term are available on our class page.

PE

PE Days will continue to be Thursday and Friday. Please send your child with appropriate PE kit and make sure that all earrings are removed.

Thank you for your continued support!

Mrs Conway-Davies
