

Homework

Chestnut Class

To support your child's learning at home please do the following with them:

Reading

Children should be reading daily to an adult. Children will be given a reading record and a reading book. Please bring these in with you everyday and please could reading records be signed when children have read aloud at home.

Maths

Children will be sent home with a maths homework sheet each Friday. Please send this back in by the following Friday.

Times Tables Practice

By the end of Year 4 students are expected to know all of their times tables up to 12 x 12 and should be able to recall them instantly. During the summer term, students will sit a Multiplication Tables Check. To help prepare, children should be practising their times tables daily. Even a few minutes a day can make a big difference. Children can practise in whichever way they prefer and all children will have a login for Times Tables Rockstars which is a fun and engaging way for them to practise.

Spellings

We will not do spelling tests in class, however if you wish to help your children practise their spellings at home a document detailing the spelling rules we will cover each week along with key Year 3/4 spellings is available on the class webpage.
